Training for Jobs that Pay!

FREE CONSTRUCTION TRAINING CLASSES

Carpentry 80hr:

January 21st-February 1st, Monday-Friday, 8:00am to 4:00pm

Training covers the proper use of hand and power tools along with math, layout, materials, and fasteners used in the construction trade. Stair layout, residential wall and roof framing will also be covered.

Ironwork and Welding:

January 28th-February 1st, Monday-Friday, 8:00am to 4:00pm

Training covers the basics of rebar, steel erection and welding used in the Ironworker Trade. Stick welding (SMAW) and oxy acetylene cutting will be covered.

FCA Electrical Pre-Apprenticeship:

February 4th-8th, Monday-Friday, 8:00am to 4:30pm

Training covers basic electrical theory, electrical code, prints, tool safety and hands on training including wiring of switches, GFCI receptacles, duplex receptacles, panels, 3-way and 4-way switches, bending EMT and rigid conduit.

Residential Framing:

February 19th-22nd, Monday-Friday, 8:00am to 4:00pm

Training covers wall layout using 16 and 24 inch layout, design placement & use of wall framing components, conventional roof framing techniques for wood rafters and ceiling joist, and methods of layout.

Ironwork and Welding:

March 18th-22nd, Monday-Friday, 8:00am to 4:00pm

Training covers the basics of rebar, steel erection and welding used in the Ironworker Trade. Stick welding (SMAW) and oxy acetylene cutting will be covered.

Power Tools:

March 18th-22nd, Monday-Thursday, 8:00am to 4:30pm

Power Tools training will cover proper safety, operation and use for a variety of power tools used in the construction industry, allowing students to develop proper safety habits and power tool operation skills. Students will construct several small projects or complete tasks using various power tools.

*Circular Saw, Power Drill, Jigsaw Router, Impact Driver, Sander, Compound Miter Saw, Pneumatic Nailer, Laser Level, Air Compressor, along with other construction related power tools.

General Construction:

March 18th-22nd, Monday-Friday, 8am-4:30pm

Training covers lite version of general construction field assessment, trenching and back filling, sack and patch training and the hazards of silica in construction, hand signal/voice command training for cranes and forklifts and additional training as future construction craft laborers candidates.

Consider a career in
Alaska's construction
trades! Apply online at:
